| BTU Input | 51,000 |
| Glass Size | 20"h x 60½"w 1,210 in ² |
| Venting | 5" x 8" |

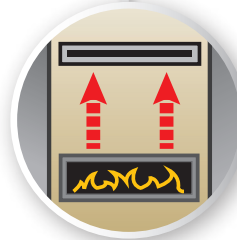

Choice of Liner

The C60 Tall blends in with a variety of decor with a choice of either fluted liner, ledgestone liner, black enamel or black glass liner, and the standard painted black liner.

Choice of Flame Accent

Multiple burner styles to choose from, including new Signature Log Sets that perfectly accent the C60 Tall's new high/low burner design.

Optional Heat Distribution / TV Kit

This heat distribution kit channels hot air away from wall mounted TVs or other valuable materials placed directly above the unit. Also moves heat to nearby rooms.

High/Low Burner

The C60 Tall uses high/low burner technology to create a more realistic flame appearance. The uneven flame heights are more authentic to an actual fire.
